JEWS IN RUSSIA FLEE FROM RED REBELS.

Seventy Killed in One Town—Villages Burned.

(By George Seldes.)

Berlin, July 19.—Russia's 6,000,000 Jews are facing extermination by

massacre. As the famine is spreading the counter revolutionary movement is gaining, and the soviet's control is waning.

This statement is contained in official documents presented to the Berlin government, which declared that numerous pogroms are raging in all parts of Russia and the Ukraine.

The data was gathered and brought to Berlin by Dr. Joseph Kreinin, a noted Jewish social worker, and president of the Russian joint board of Jewish societies. He says that a number of villages have been burned, and scores of Jews have been killed, seventy in one village alone.

Coming to U. S. for Aid.

He is en route to America, where he plans meetings in New York, Chicago and elsewhere for the purpose of "saving his people"

According to Dr. Kreinin, mass flights from Russia have already begun, the Jews rushing to all borders, and especially to Roumania, where there are 40,000 families camping along the frontier, hoping to find

refuge. Among these he says at least 100 are dying daily from exposure and hunger.

Dr. Kreinin, who recently left Moscow secretly, says the pogroms are especially severe in the provinces of Homel, Minsk and Volhynia. They originated, he said, outside Russia, in the Ukraine and White Russia.

Peasants Attack Germans.

He says in the Viga region a new sort of pogrom occurred when Russian peasants attacked German settlements because they were "foreign." He declares the recent transfer of Gen. Budenny into White Russia was for the purpose of pacifying the region.

"My object in visiting Germany and the United States is to organize all relief organizations throughout the world, Jewish as well as others. The only hope for the millions of Jews is for American aid, both material and political, although I cannot expect much effect from any political steps, inasmuch as the soviets are losing control everywhere except in the cities. The massacres are occurring chiefly in the small towns."

DONATES BOOKS ON JEWISH SUBJECTS.

Donating books on Jewish subjects to the library of the University of Oklahoma is a policy adopted by the members of Temple B'Nai Israel of Oklahoma City, on the urgent recommendation of Rabbi Joseph Blatt, members of the congregations have contributed books on subjects of Jewish interest to the University Library. The University authorities appreciate the favor and approve of the plan whereby students of the University are afforded opportunity to consult sources on matters pertaining to Jewish religion and literature. Rabbi Blatt is in frequent communication with the Jewish students attending the University and occasionally makes a trip to the University to address the students.

CAMDEN, S. C., PLANNING CONGREGATION.

Camden, S. C., is looking forward to the organization of a congregation as the result of an address delivered there recently by Rabbi F. K. Hirsch of Sumter, S. C., who spoke before a mass meeting of the Jewish community and urged them to form a congregation. Although traveling facilities between Sumter and Camden are very poor Rabbi Hirsch is planning to visit the community at frequent intervals and assist them in establishing a religious school. A pupil of that religious school was confirmed in the class of the Sumter Congregation. The religious school at Manning, S. C., is well organized and under the management of the Misses Irma Weinberg and Nettie Levy, meets every Saturday morning. Rabbi Hirsch has been directing this school with the help of these young ladies. The adult Jewish population of Manning are members of the Sumter congregation.

TO PLAN STUDENT CONGREGATION.

Acting on the suggestion of Rabbi James G. Heller, of Jeshurun Congregation, Cincinnati, the plan to form a student congregation of the Jewish students of the University of Cincinnati will be taken under consideration by the Board of Jewish Ministers of Cincinnati, which was recently organized. There is not the same amount of work necessary at Cincinnati as elsewhere, since the students have the opportunity of attending services, or belong to a young people's organization. Many are affiliated with congregations. The Board propose to make a thorough investigation of the matter and report the results of their survey at the next regular meeting.

VISITS ELMIRA COLLEGE.

"There are thirteen Jewish students now attending Elmira College," Rabbi Moses Eckstein writes the Department of Synagog and School Extension in reply to a letter of inquiry, and "half of these are from Elmira," he adds. This college is in the City of Elmira. The students can attend religious services in Elmira whenever they so desire. Some of them attend regularly. Therefore there is no need of any special Jewish work at the Elmira College. Rabbi Eckstein concentrates on his welfare work in the Reformatory located at Elmira, where during the Passover season the inmates were permitted to hold a Seder Service.
